About Us

Our Company

Bombay Furniture was established in 1962 and has nearly 60 years of experience in the industry. We offer an exquisite range of furniture while also offering the option to order custom-made furniture, specific to your requirements.

Despite years of being in the furniture industry, Bombay Furniture strives to constantly improve our products and our services. We believe in customer satisfaction, providing attentive after-sales service to all of our clients.

Our interior designing services are provided through certified experts to ensure that there is no compromise on the quality work. We work to fine our services and the customer's experience to provide them with the best value for their money. We work to ensure that we operate according to international standards, continuously improving the skills, knowledge and standard of living of our employees.

Vision

At Bombay Furniture we strive to become a world-class manufacturer of home and office furniture, bringing our customers innovative designs, high-quality products and services they can rely on. Bombay Furniture is dedicated to constantly improving our services and quality of work to provide our clients with exactly what they want.

At Bombay Furniture we also care about our employees and workers. They are the backbone of our work and their incredible craftsmanship is what we rely on. We seek to improve the skillset of our workers and teach them new abilities which allows them to master their craft and subsequently improve the quality of their work. Our end goal is to help them improve their standard of living by teaching them new skills and refining the ones they already know.

Mission

We are committed to continuously improving our services to provide our customers with better quality products and maximum value for their money. Along with training our employees to improve their skillset, we also aim to improve their standard of living.
